

Company profile DIW econ GmbH

Berlin, August 2008

Our business model

We are an economics consulting company with a clear focus on business clients and internationals.

- We deliver applied analysis by making the numbers tell their story
- Our work is based on economic insight, advanced economic tools and real world data
- We produce concise and state of the art research
- We achieve excellence through the combination of strong academic research and experienced consultants

Our offer

We provide economic expertise in areas like...

- Analysis at firm, sector and economy-wide level
- Assessing perspectives of key economic sectors
- Forecasting future demand
- Assessing market regulations
- Assessing potential of new trade products
- Strategic advice on market positioning

Our current practise areas

Some of our practice areas focus on sectors others focus on disciplines

- Energy
- Financial services
- Health care
- Post
- Telecoms
- Transportation
- Regulation
- Regional economics
- Strategy
- Trade analysis
- Competition
- Labour market

Our competitive edge

We are a 100% subsidiary company of DIW Berlin – German Institute for Economic Research.

- We work integrated with Germany's largest and renowned economic research institute
- We have full access to the resources of our parent company, including:
 - Scientific personnel, models and data
 - Extensive research network
 - Quality brand name
- We combine flexible and tailor made project teams

Our people

Recruiting the right people is key to our success.

- Since establishing the company in July 2007 we are continuously adding new staff to our fast growing company
- The involvement of staff varies according to the project workload
- In addition to our people and the scientific staff of DIW Berlin we can rely on a extensive expert network

Our clients

..are facing major decisions and need precise knowledge about the consequences of their choice

- Our clients include European companies. We also advise the European Commission and the World Bank on certain aspects within our core expertise.
- Selected business clients : Deutsche Bahn AG, E.ON Ruhrgas AG, LBB Landesbank Berlin AG, International Post Corporation (Belgium)
